Main purpose

Improve people's quality of life

Mission

The Fundación Universitaria de Ciencias de la Salud is a Higher Education Institution, that responsibly assumes the integral education of the student, in the field of science, investigation, technology and humanities, with fundamentals of academic excellence, ethical, social and scientific sense, led by a highly qualified team, in order to allow the objective and rational analysis of the problems of the community and contribute in improving their quality of life.

Vision

By 2030 the FUCS will be recognized nationally and internationally as a prestigious institution in the formation of human talent, supported by competitive, innovative and sustainable processes.

Institutional Values

At the Fundación Universitaria de Ciencias de la Salud, we recognize multi-diversity as a fundamental right of the humankind. That is why:

- We treat human beings with respect without any discrimination, considering them as an integral part of society.
- We assume scientific rigor as the search for excellence in the activities and services provided by the Fundación Universitaria de Ciencias de la Salud, in accordance with nationally and internationally recognized standards.
- Our activities are characterized by our commitment and dedication with responsibility, efficiency and effectiveness, in the performance of duties and tasks acquired in the institution.
- We stand out for honesty, transparency and rectitude, taking into account the norms of good conduct and justice.
- We foster solidarity in order to create social links which lead to improve people's life quality in different contexts among the community.

A portrait of Sergio A. Parra Duarte, the Rector of FUCS. He is a middle-aged man with grey hair, smiling, wearing a dark suit, a light blue shirt, and a blue and white striped tie. A small circular pin is visible on his left lapel. The background is a blurred outdoor setting with greenery and a building.

Message from the rector

Dear FUCS community, during 2024 we worked as a team to get closer to the projected vision for the year 2030, which states that we will be recognized nationally and internationally as a prestigious university in forming human talent, supported by competitive, Innovative and sustainable Processes.

This work is reflected in the indicators of our commitments such as Academic Excellence, Environmental and Social Responsibility, and sustainability and growth.

I invite you to get acquainted and check this bulletin, which summarizes the efforts of the institution during the year 2024 and the consolidation of the work of the previous years with results which fill us with satisfaction and motivate us to continue constructing our mission in favour of improving the quality of life of the population of our country.

Sergio A. Parra Duarte
Rector

Statistical **Summary**

Teaching

The FUCS considers teaching as an educational, specific, intentional and planned activity to facilitate students to: appropriate knowledge to offer alternative solutions to community problems, and contribute to improve their quality of life. The quality of teaching requires knowledge of the subject and competence to teach it.

Statistical Summary

Research

The FUCS recognizes research as a structuring element that contributes to the integral development of the student. Research is a continuous and permanent process that the academic community carries out, in order to produce knowledge, identify realities, causes, effects, as well as socializing results.

Research is part of the teaching function. Research is promoted as a transversal component of the curriculums.

Statistical **Summary**

Internationalization

The Fundación Universitaria de Ciencias de la Salud seeks, through the actions developed in internationalization, to generate ties of cooperation and integration with other ISE at a national and international level, in order to achieve greater presence and visibility in an increasingly globalized world.

Exhibitions and visitors – Museum

5 Exhibitions - 5726 Visitors

Source: Museum

The background of the slide features a low-angle, perspective view of a modern, multi-story building with a glass and concrete facade. The building is slightly out of focus, creating a sense of depth. On the right side of the building, there is a circular logo with a stylized plant or flower inside, and the letters 'FICS' are visible below it. The entire image is overlaid with a semi-transparent yellow filter. In the bottom left corner, there are faint, stylized leaf or petal shapes in a lighter yellow color.

Statistical **Summary**

Academic Quality

For the institution, the academic quality allows students' development at different programs, the necessary competences at educational, personal and social level, which permits them perform professionally and responsibly in the society.

The background of the image is a photograph of a modern, multi-story building with a glass and metal facade. The building has several balconies and a prominent logo on its upper right side. The logo consists of a circular emblem with a stylized plant or flower inside, and the letters 'FUCS' below it. Overlaid on the left side of the image are several large, semi-transparent blue circular patterns with stylized leaf or petal designs. The website address 'www.fucsalud.edu.co' is centered in the middle of the image in a white, sans-serif font.
